

Would you like to have a one-on-one with your judge as soon as your dressage test is over? If this appeals to you, sign up for one of the critique classes at the LAJUF April show. After the end of the divisional classes, 3 classes will be held that will allow the rider to ride one test and then have 6 minutes for the judge to comment. The ride will be judged as normal, but it will be a stand alone class (no champion/reserve, no year end points.)

Class Choices:

99A Intro Test B

99B Training Level Test 2

99C First Level Test 1

Cost \$50

Ride and discussion time allowed will be 12-14 minutes, depending upon the test choice.

You may email or text your request as you would a normal entry or you can sign up on Saturday morning, if there are any slots still available. Requests before Saturday will be notified with the status as soon as possible.

A schedule of the available ride options will be on a clipboard at the office so you can choose your order of ride. The first available time slot for the critique classes will be after the last scheduled dressage ride.

After your last halt at the end of your test, simply approach the judge's stand and begin your 6 minute clinic!
